Power tools for trade & industry

Advantages

- Lowest weight (only 3.8 kg) and most compact design (length of only 343 mm) for more comfortable work even in tight spaces
- Excellent cutting depth (up to 63.5 mm) for cutting conventional materials to length, e.g. metal, plastic pipes and aluminium profiles
- Precise cuts due to vibration-free saw blade action and optimum illumination of the work area due to integrated LED light
