Product data sheet

Power tools for trade & industry

Advantages

- Maximum power: innovative 2-speed gearbox allows for the gear to be changed without interruption by the on/off switch, and provides a powerful 10 Nm
- Fast and precise due to optimum gear ratio: fast driving in 2nd gear (0 – 580 rpm) – precise and flush driving in 1st gear (150 rpm)
- Extremely compact: very short head length (only 158 mm) and low weight (only 0.5 kg) – fits in any trouser pocket
