Drill

## GBM 13-2 RE Professional

**from GBP 231.30\***

\* Price including VAT

2-gear rotary drill for precision work

**Part number:** 0 601 1B2 000[> More product information](#)

## Technical Data

### webshop-pdp-section-technical-data-table-key-Battery and power

|                   |       |
|-------------------|-------|
| Rated input power | 750 W |
| Power output      | 365 W |

### webshop-pdp-section-technical-data-table-key-Technical data

|                                 |                       |
|---------------------------------|-----------------------|
| No-load speed                   | 0 – 1,000 / 3,000 rpm |
| Rated speed                     | 500 / 1,750 rpm       |
| Rated torque                    | 6.8 / 2.5 Nm          |
| Drill spindle connecting thread | 1/2" – 20 UNF         |
| Max. torque                     | 39.5 / 12.5 Nm        |

## Noise/vibration information

### Drilling in metal

|                             |                      |
|-----------------------------|----------------------|
| Vibration emission value ah | 7,5 m/s <sup>2</sup> |
| Uncertainty K               | 1,6 m/s <sup>2</sup> |

### Screwdriving

|                             |                      |
|-----------------------------|----------------------|
| Vibration emission value ah | 2,5 m/s <sup>2</sup> |
| Uncertainty K               | 1,5 m/s <sup>2</sup> |

### Thread-cutting

|                             |                      |
|-----------------------------|----------------------|
| Vibration emission value ah | 2,5 m/s <sup>2</sup> |
| Uncertainty K               | 1,5 m/s <sup>2</sup> |

### Noise

|                      |          |
|----------------------|----------|
| Sound pressure level | 81 dB(A) |
| Sound power level    | 93 dB(A) |
| Uncertainty K        | 3 dB     |

---

## Advantages

- Powerful 750 W motor and high torque for fast work progress, drilling holes in steel of up to 13 mm in diameter
- Compact and ergonomic design providing good tool handling for precise results
- 2-speed gearbox with speed preselection setting wheel for accurate performance in versatile applications
